Office and Warehouse on L. & N. R. R. RICHMOND

Progress on Acqueduct Many and Great Engineering Problems Presented.

The following notice from a New York paper will be of interest to our readers, since Mason & Hanger, this city, have the contract for this vast undertaking:

Work on the great engineering task to supply New York City's millions with pure Catskill water is making very satisfactory progress through out this section, which is one of the most difficult portions of the acqueduct to build and in which almost every problem known to engineering experts is encountered.

Eight shafts are included in this division on the west side of the river, the locations of which have been previously given in these columns. Most of these are what are known as construction shafts, being for use only in the excavating and building of the acqueduct, and eventually to be plugged. From these construction shafts, as soon as grade is reached, tunnels or headings are started in either direction, toward intermediate shafts.

Shaft 1, located at Vail's Gate, is what is known as a water way shaft, and will form part of the completed acqueduct, through which the water will flow. This will be lined with concrete. The construction shafts are practically down to grade and will soon start a tunnel from there towards shaft 2, at which place grade has been reached and tunnels started in both directions.

At shaft 3 they have reached grade, and are about to start

two subterranean tunnels in either direction. The Mason & Hanger Company, contractors have been building a new air compressor at this shaft, which is nearly completed and now being used. This has a much greater capacity than the one that has been used for shaft sinking, nearly double the power being needed when the two diverging tunnels are started, and about twice the number of employees and drills are at work.

At shafts 4, 5 and 6, grade has been reached and tunnels are being driven in either direction. Shaft 7, started comparatively recently, and which will be known as an access shaft, is now sunk to a depth of 130 feet. This is located near City Shaft No. 8, and will not be plugged as the other shafts will be, but will make entrance to the tunnel possible should such be necessary at any time in the future.

The two river shafts, 8 and 9, on the west and east sides of the Hudson, respectively, are still being sunk deeper and deeper, the west one being about 700 feet down, and the east somewhat over 800.

The latter is said to be the deepest shaft in the state. The two diamond drill holes, being bored from each shaft diagonally under the river bed, have crossed at an approximate depth of about 1,200 feet below the surface of the river. The hole from the west shaft was 2,061 feet long and from the east 1,834 feet long. Two other diamond drill holes are started from each of the two river shafts, running more nearly horizontal.

(Continued on Page 6)

Roads Must Be Kept Up.

While the Postoffice Department does not demand immediate or elaborate road improvements, all postmasters have been notified to post themselves the condition of the roads on which there are rural delivery routes and if these are not found to be in reasonably good condition, to notify the road workers and patrons along the routes to improve them. If after reasonable time has elapsed the improvements have not been made, the facts are to be reported to the department, and all mailroads the route discontinued.

High Cost of Living.

Increases the prices of many necessities without improving the quality. Foley's Honey and Tar maintains its high standard of excellence and its great curative qualities without any increase in cost. It is the best remedy for coughs, colds, croup, whooping cough and all ailments of throat, chest and lungs. The genuine is in a yellow package. Refuse substitutes. Sold by Druggists & Grocers.

Eggs at \$5 Apiece.

If any one doubts that there is money in raising poultry keeping, etc., under prevailing high prices, let him take note of the fact that a farm of poultry breeders and farmers at Hope, Ind., is making and getting \$5 apiece for eggs. These breeders sold fifteen eggs to Joseph Stranburger of Greenburg, Ind. They were from a pair of White Wyandottes and it is believed the price paid beats the world's record, being \$3 higher per egg than was paid for eggs from the famous "81000 hen" of Kentucky, Mo. As for high prices, it's an ill wind that blows nobody any good.

What Everybody Wants.

Everybody desires good health which is impossible unless the kidneys are sound and healthy. Foley's Kidney Remedy should be taken at the first indication of any irregularity, pain in the back and head, nervousness and exhaustion, and a certain illness may be averted. Remember you cannot live without your kidneys and you cannot be well until they perform their work properly. Foley's Kidney Remedy will build up worn-out kidneys, and restore your kidneys to their normal state. Sold by Druggists & Grocers.

Burley Plan.

The Burley Tobacco Association has appointed solicitors for each precinct to canvass for the 1910 pool. They have issued orders to call first on non-payers of the past two years, and submit a sufficient number of the outsiders sign up the pool for 1910 will be declared off.

Eczema—A Germ Disease Can Now Be Cured.

The Medical profession is all agreed that Eczema is a germ disease, but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zenon, the clean, external treatment has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the disease. The whole method of treatment and cure by Zenon is explained in an interesting book on the subject issued by the makers of Zenon. It tells how to cure yourself of Eczema, Blackheads, Pimples, Bandages, and all diseases of the skin and scalp. Call at Perry's Drug Store for booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all diseases of the skin and scalp. If

A Smile

is a pretty hard thing to accomplish when you're blue, bilious and out of sorts. There is a sure cure for all kinds of stomach and liver complaints—constipation and dyspepsia. Ballard's Hareline is mild, yet absolutely effective in all cases. Price 50 cents per bottle. Sold by H. L. Perry.

PUBLISHED WEEKLY BY THE CLIMAX PRINTING CO. (Incorporated).

A. D. MILLER, Editor
Member of KENTUCKY PRESS ASSOCIATION and EASTERN DISTRICT PUBLISHERS' LEAGUE

PRICE \$1.00 PER YEAR IN ADVANCE

WEDNESDAY MAY 11, 1910

The Bath County World gives the report of a farmer in that section who has seen what looked like two moons, sailing around the sun. There is nothing strange about that. Some stars, some suns. And that reminds us of one man who met near a post late last night when the third apparition appeared. "Can you tell us where the sun rises?" was heard to be the question.

The most noted organization in town is a live, earnest, active commercial club, one of the best paying, interesting and profitable in the city. It is the Commercial Club, which is the greatest factor in the development of Winchester. Every business man should belong to it. Every cent spent by the club has been returned many fold in increased business for the city.

The initial number of the Danville Messenger reached our desk Friday, May 6, and we do our best to the men behind the pen, Robert McGowan, Louis Landrum and Chas. T. White. The Messenger is a brand new paper, and we do our best to give it the best of the city. The Messenger will be issued semi-weekly and it promises to be a paper of the future. The Climax extends hearty congratulations and best wishes.

On the other hand, it might be said that the atmosphere and the world in general. There is no need of looking for trouble. There may be a cloud in the distance which will come a cloud in the head case hair to spread on bald spots, knock rheumatism and colds, kill Chaper.

And for James has refused to pay the extra \$100 salary to the Circuit Judge claiming the act of the Legislature is unconstitutional. There are other salaries due which have not been paid by the Auditor, and he cannot claim that they, too, are unconstitutional.

Because of the publication of Mayor Gaynor's speech and editorial delivered before the members of the Associated Press in New York last Thursday night, Mr. W. R. Hearst has and the Courier Journal and New York Tribune, do \$80,000 each.

A city or town is just what its citizens make it to be. Progress is made by making a progressive town, and vice versa. Retrospective citizens can expect much but a dead town.

There was a riot in Italy recently because Bruno was burned at the stake some 400 years ago. Yes, verily, there travels slow in some parts of the world.

Whenever you see a stranger in town and wonder what motive brought him here, he dollars to determine it was a locomotive.

Halley's comet is said to be losing its tail. Just so it doesn't lose its head and tail in an exchange. "May men in the Birmingham hospital who is turning to stone is a truth a hard case for the physician."

The Earth Herald celebrated its eight anniversary with Friday's issue. May it live long and prosper.
